### REIMBURSEMENT PROCEDURES

#### 1. REIMBURSEMENT PROCESS

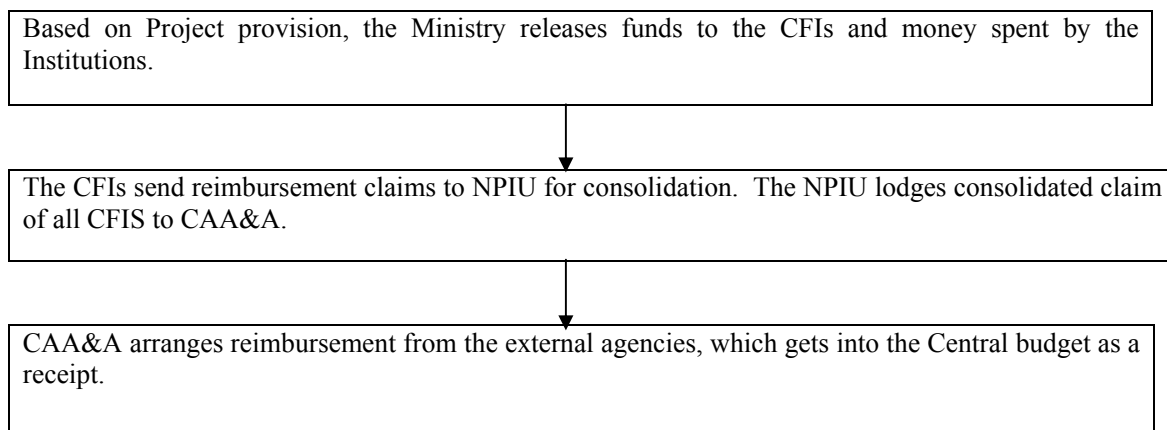

1.1. The Programme is implemented through external assistance of the World Bank and attracts the provisions of GOI policies in respect of externally assisted projects. Relevant extract from the External Assistance Manual of Ministry of Finance, GOI is given below:

- (a) Under externally assisted projects, the external assistance received from various multilateral and bilateral agencies is passed on by GOI to the States as Additional Central Assistance (ACA) on the same terms and conditions as Central Assistance for State Plans. These are different from the conditions at which external assistance is received from various multilateral/bilateral agencies. For States not falling under the special category status, assistance is given in 30:70 mix of grant and loans with 20 years maturity period and will carry interest at the rate fixed by GOI from time to time. The rate of interest in 2003 was 10.5%. Further, half of it carries a grace period of 5 years.
- (b) All external-aid disbursed by external agencies to GOI is first received by the Central Government in the Ministry of Finance (MOF), Department of Economic Affairs (DEA), office of Controller of Aid Accounts and Audit (CAA&A).
- (c) The States initially incur expenditure on externally aided projects and thereafter claim reimbursement from GOI. In order to prevent any adverse effect on Project implementation by the States due to fund constraints and for expeditious utilization of external aid, a system of advance release of ACA is available up to 25% of the budgetary provision which is released by the Department of Expenditure on advice from the Department of Economic Affairs in the first month of a financial year. The States subsequently adjust this against the reimbursement claim during the last 3 to 4 months of the financial year.

1.2 The fund flow process in cases of Central and State Sector Project is as below in respect of TEQIP:

#### Central Sector Projects

In case of Centrally Funded Institutions, the external aid takes the following route:

#### State Sector Projects

In case of State Funded Institutions, the external assistance follows the route given below:

Under the traditional system of claiming disbursement, the Programme implementing agencies initially incur the expenditure and then such expenditure is claimed by way of reimbursement claims. - 1.4 The Head of the Institution (Director) will sign and ensure timely submission of these claims for the purpose of disbursement. Original documents and vouchers will be retained at the Institutional level. Only photocopies of documents with DOC claim are to be sent. No photocopies are required to be sent along with SOE claims.
- 1.5 All State level institutions will send their claims to the SPFU and SPFU after the scrutiny will send the claims to the NPIU, which will forward the same after necessary checks and verification to CAA&A for claiming disbursement every month.

- 1.6 The Financial Coordinator at SPFU and Finance In-charge at the institutional level will be responsible for preparing monthly claims and the Head of the Institution will sign and ensure timely submission of these claims for the purpose of disbursement to the SPFU.
- 1.7 The SPFU will consolidate all Institutional claims and send to NPIU duly signed by the SPFU head for onward submission to CAA&A.
